M.S.C. means Monetary Seating Capacity which is the income to be derived from one evening performance in your cinema if every seat is sold at its full price but not including Entertainment Tax. To ascertain the fee payable by your cinema you have to (a) find out the population of your town. As an example, the population of Gaya (according to the 1951 Census) was 133,700 which is in Population category No. 6 of the Tariff; (b) determine your M.S.C. If, for example, this is Rs. 195-8-0 per performance your grade, if your cinema is in Gaya will be "B". You can then easily determine the fee payable by you for a licence which, in the example just cited, would amount to Rs. 75-0-0 for the full year, 1st January to 31st December.

(b) In the case of Clubs, Institutes, Theatres, Hotels, Shops, and other establishments where records are publicly performed, the licence fee is Rs. 50/- per year when a Radiogram or an Amplifire with one loudspeaker is used. For each additional loudspeaker used a further fee of Rs. 25/- per year is payable.
